

WASHINGTON DOCUMENT CENTER  
Liaison Section

13 May 1946

SUBJECT: Liaison Report (6-10 May)

TO : Head, Liaison Section

25X1A

FROM : [REDACTED]

1. Topographic Branch

25X1A

Topographic Branch was visited on Wednesday, 3 May. Arrangements were made for [REDACTED] to come to WDC to scan the 20 topographic documents. [REDACTED] was here Thursday and Friday working with the Topographic Team.

25X1A

2. Office of the Quartermaster General

25X1A

Arrangements were made with [REDACTED] to lend a German document which was asked for in translated form by letter request.

3. Office of the Chief Signal Officer

25X1A

[REDACTED] visited WDC on Tuesday, 7 May, for the purpose of scanning 20 topographic documents which they believed would be useful for the signal section of JANIS Report No 71. They returned on Thursday to pick up the finished extract translation. They will have the translation and desired charts reproduced by the Cartographic Section, State Department. We will be supplied with two copies for file purposes.

4. Department of Justice

Mr Carroll visited WDC on Friday, 10 May, and briefed the Liaison Section on his requirements. Several items were given to him on loan for closer examination.

5. POLEG Branch

25X6

[REDACTED]

25X1A

25X1A

25X1A

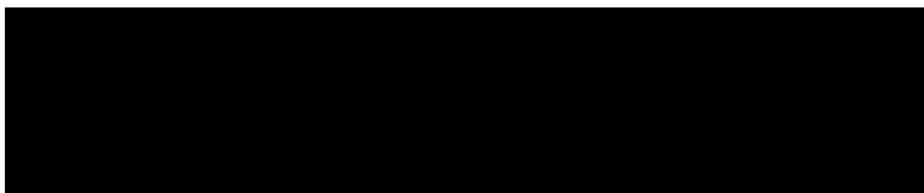

Met the following members of the China Desk who are responsible for the Chinese Commerce and Industry Section of a JANIS Report: [REDACTED] Coordination, [REDACTED] Industry, and [REDACTED] Trade. They were interested in receiving information such as company books giving plants and location capitalization, personnel, etc for the following border provinces: ANHWEI, HUPEH, HUNAN, Kiangsi, Kwangsi, Szechwan.

6. DDI/Dissemination

25X1A

Spoke to [REDACTED] regarding classification and declassification of documents. He stated that it was our responsibility per authority of AR 380-5. He also mentioned the policy of marking articles of lower classification within higher classification documents.

25X1C

8. JANAIID

Maj Brewer of the Air Facilities Branch of the Joint Army Navy Air Intelligence Division visited WDC on Thursday, 9 May. He was seeking information for the section on Radio Communications and Navigation Facilities of a JANIS Report on China. Specific terms of interest to him were; radio ranges, radio beacons, rotating light beacons, radar beacons, direction finding stations, radio marking stations, aviation radio developments and air-ground communications.
